

The City Council meeting scheduled for July 14, 2026, was canceled due to a lack of quorum. Without the required number of council members present, we were unable to conduct official business or proceed with the agenda items for that date.

We sincerely apologize for any inconvenience this may cause. We understand that many of you take time out of your day to attend, participate, and stay informed, and we regret that we could not proceed as intended.

Mayor Lund has called a special meeting to hold a second City Council meeting on July 28, 2026, at 6:30 PM. We remain committed to transparency, accessibility, and keeping our community informed.

Thank you for your understanding!

Sincerely,

City Council & Administration
